

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

I am personally offended by Sinclair Broadcasting's lack of foresight in recognizing that this violates all of the tenets of our democracy. If this airs on my local station WGBB-TV, Channel 40 in Springfield, MA I will be sure to boycott that station as well as its sponsors and will do all in my power to ensure that my friends, family members and acquaintances do the same. Please review this practice and take steps to stop it before it occurs. This is a direct attempt for the media to influence the process of a free and fair election. Thank you Margaret Jordan
